TELEGRAPHIC.

NEW YORK, April 18.

The Washington Union of the 16th says that the Russian Minister has not yet received his instructions from his Government.

The Paris conference was not very harmonious, owing to the difficulties in regard to Prussian claims, and the British commissioner was sent out the steam frigates *Tintoretto* and *Dragoon* to protect the British interests.

The Copenhagen correspondent of the Liverpool Chronicle states that the Danish Commissioner had submitted to the Copenhagen Conference a schedule of claims for indemnity to the Sound Dues, falling 70,000,000 rix dollars as the medium of indemnity for Prussian claims; and that the Danish Minister, having declined to take part in the conference, the question will in all probability, be settled without any concession on their part.

According to the London Times the course of the difficulty in the Paris Conference was a demand put forth by the Prussian Plenipotentiary to be admitted to sign the treaty of peace on the same footing and the same character as if she had been a party to the alliance throughout. It is said that Russia supports Prussia in these pretensions. This took place on the evening of the 22d. Another meeting took place on the 24th, but nothing of importance transpired. The opinion that the Conference would ultimately resolve itself into a European Congress is strongly insisted.

The Times' Crimean correspondent says the war party still obtrude their views on the peace, and may break down. It may suit the French to make concessions but it ought not to suit us. They doubtless consider they have done enough for honor and glory, and to revenge the repulse of 1812. They cannot afford war as England can, and their army, however numerous on paper, is sadly disorganized. Slavery and fever is playing and havoc in its ranks, and the mortality is said to be 120 per day.

LATER.

The steamship *Cambria* arrived at noon to-day, with three days' later news than by Washington. Breadstuffs further declined.

By BALTIMORE, April 12.

LOUIS VOYAGE.—The ship *Glenmore*, from Liverpool for New York, is reported arrived at Cheesecake Bay with the loss of the rudder. She has been 111 days on the passage.

FIRE IN BOSTON.

BOSTON, April 12.

The market building noticed in the news report was entirely destroyed by fire this afternoon. It was a large brick building, six stories high, occupied on the floor as a domestic market, second floor by Faneuil Hall market.

The upper stories were occupied by Messrs. Amburn, Carter & Bassett, hook manufacturers, who employed about 600 hands and have lost about $60,000 in stock and machinery, fully insured. Messrs. Dillingham, furniture manufacturers, Messrs. A. M. Lorin stove manufacturers, Bell's Sewing Machine, Morse's Burner Stove Co.

The building belongs to the estate of the Peter Dorchester reservation grounds with a loss of $80,000, and that it will be a total loss. The falling walls crush all adjoining buildings. The steam engine was brought out and proved of great importance.

DESTRUCTIVE FIRE IN PHILADELPHIA.

PHILADELPHIA, April 11.

The Arcadian Building, an immense structure in the rear of Bay street and Front street, was destroyed by fire last night. The building was 400 feet long, occupied by artizans, and the loss by stock, fixtures, &c., was very large. Duval, silversmith, occupying one floor, lost his entire stock, valued at $20,000. Gilbert Lee Exposition, occupying one floor, lost $10,000 including 1000 pictures and numerous valuable paintings. Mr. Smith, clothier, lost $10,000. Mr. Hinchman, hardware, loss very heavy. G. W. Simon's engine, loss $20,000, insured for $8,000. Warehouse, Mr. Hinchman, loss $15,000, insured for $8,000. Mr. Smith, stock and fixtures, $10,000, insured for $5,000. Mr. Hinchman, stock and fixtures, $15,000, insured for $8,000. A Chase lithographic establishment, loss $15,000, insured for $8,000. Mr. Smith, stock and fixtures, $10,000, insured for $5,000. Mr. Hinchman, stock and fixtures, $15,000, insured for $8,000. A Chase lithographic establishment, loss
